Hannah England, World 1,500m Silver medallist and Sports Scholar "Following an enjoyable and successful time at Birmingham, both academically and athletically, I chose the University of Birmingham as my training base in the lead up to the London 2012 Olympics. The dedication and knowledge of the UBSport staff is second to none and over the last five years has helped me maximize my athletic potential."

The University supports around 60 scholarships each year to national - and international-level performers from any academic department and nationality. These allow outstanding athletes to compete at a high level while studying.

The University of Birmingham Sports Scholarship programme is one of the best in the UK, providing a comprehensive package to support the most talented and dedicated athletes financially, physically and mentally.
