### Module description

This module will consolidate, develop and extend listening, speaking, reading and writing skills acquired at Ab Initio German I and II. As grammar rules become more complex, every new structure will be dealt with in depth while some time will be spent revising and consolidating past knowledge. Structured language will be taught in the context of situations and personalised topics. Authentic materials will be used to improve and to provide stimulus for the development of both productive skills (speaking and writing) and receptive skills (reading and listening).
