In response to issues highlighted in the College Hub's Have Your Say Staff Survey results, the College Hub Seminar Series has been organised to bring together MDS colleagues to learn about the work of each team within the Hub, followed by an informal opportunity to network and chat over coffee.

The second in the series is:

The Educational Technology Team: Making the Virtual a Reality

Coffee, tea and biscuits will be provided.

This is an excellent opportunity to meet College Hub colleagues and promises to be an interesting and enjoyable session.
