**[Asthma sufferers could benefit from new laser research \(/university/colleges/mds/news/2014/11/Asthma-sufferers-could-benefit-from-new-laser-research.aspx\)](#)**

UK scientists, including researchers from the University of Birmingham, have used a laser beam trap to examine how drug particles from asthma inhalers behave as they are projected through the air. Their findings could improve the effectiveness of inhalers for the over 5 million people in the UK suffering from asthma.
