

## Teaching Opportunities

Teaching is an excellent way of testing what you know, reminding yourself of what you once knew, and gaining strong communication skills that will help you as you present your research to the scientific community and the public. Some of you might even decide it is the right profession for you.

### Teaching workshops

If you attended the recent teaching workshops, your certificate of attendance is now available from [Lesley Bodenham \(mailto:l.h.bodenham@bham.ac.uk\)](mailto:l.h.bodenham@bham.ac.uk). Please contact Lesley to arrange a date for collection.

### Help required for teaching

#### Year 1 BMedSci Molecular Genetics

Boris Kysela is looking for some help with molecular genetics small group teaching session to year 1 BMedSci students starting 22 January 2015 and including 4 sessions. This is aimed at first year students and so will be taught at a very basic level. All teaching materials will be provided before the sessions and Boris is happy to go through the material with any volunteers. This is an excellent opportunity for postdocs to get some small group teaching experience for your CV in a very simple way! If you can help with any of the sessions please contact [Boris Kysela \(mailto:b.kysela@bham.ac.uk\)](mailto:b.kysela@bham.ac.uk).

#### Year 2 BMedSci Experimental Design

Dr Ana Gonzalez is looking for Postdoctoral support for her Year 2 BMedSci Experimental Design course, which will take place in March. If you would be willing to help with this interactive small group teaching please email [Dr Gonzalez \(mailto:a.m.gonzalez.1@bham.ac.uk\)](mailto:a.m.gonzalez.1@bham.ac.uk).
