[Lebanon is cracking under the pressure from Syria and Iraq \(http://theconversation.com/lebanon-is-cracking-under-the-pressure-from-syria-and-iraq-36167\)](#)

Written by Dr Christalla Yakinhou. Lebanon has always been a complicated jigsaw, but despite years of war, regional conflict, and meddling in its affairs, it has displayed a tremendous ability to absorb tension. But the threads that hold this fragile country together are rapidly starting to fray.

[Putin's plan to fight recession in Russia also increases Kremlin's control of the economy \(http://theconversation.com/putins-plan-to-fight-recession-in-russia-also-increases-kremlins-control-of-the-economy-36655\)](#)

Written by Dr Richard Connolly. The Russian rouble started 2015 in much the same way it finished 2014: badly. After losing nearly 50% of its dollar value between July and the end of the year, the rouble lost a further 7% in January. The primary cause of this continued decline is the falling price of oil: Brent crude has dropped from US\$53 dollars per barrel at year end to just under US\$48 per barrel, a decline of nearly 10% for the year so far.
