

## Regular Giving

More than 2,500 alumni make a donation each year to the University's Circles of influence campaign. The Regular Giving programme works to ensure we contact as many of our alumni as possible to offer them the opportunity to support fantastic projects as part of our £160 million fundraising effort.

We employ a team of 40 students to telephone our alumni, talk to them about what it's like to be a student here today and to ask them to help to fund our world-leading research, support one of our student scholarships, or make a more general gift to the University to ensure we continue to provide an excellent student experience.
