Download	Add to Calendar (/welcome/events/exchange/orientation-2.aspx?ical=true)

This is the orientation session for study abroad and exchange students who are coming from a European institution. All study abroad and exchange students must attend an induction session as it will give you important information about the University of Birmingham. This is your only chance to get this information.

This session is compulsory for any study abroad and exchange student who is coming from a European institution - any student attending this orientation session should not attend the orientation session for non-European students.
