

JOIN US AT THE 2019

HEFi Festival

1st - 5th July | Old Gym Building

We invite you to attend the HEFi Festival.

At HEFi we want to celebrate all things learning and teaching at University of Birmingham. The HEFi Festival provides a range of CPD opportunities to support and enhance your teaching practice. If you are thinking about applying for Fellowship of the Higher Education Academy via the University's Beacon scheme, or want to develop your teaching practice, then come along and we can all learn together about teaching.

The festival will run for a whole week and will be based at the Old Gym building (Y1 on the campus map). The week will feature CPD workshops delivered by staff from the Higher Education Futures Institute and beyond in areas such as reflective writing, technology-enhanced learning, quality assurance mythbusting and the University's new assessment strategy!

To book onto any of the sessions in our programme below, please email hefievents@contacts.bham.ac.uk and specify which session(s) you would like to book onto. To find out more information, please read the full programme below for details of each session.

We look forward to seeing you all there!
