

March 2012 Newsletter

Queen's Award

It's official! We collected the Medal and the Certificate from the Queen last week, so once again thank you for all your hard work and don't forget to use the logo on all your presentations.

Module Marks

I was hoping to have got these out to you by now but we have been waiting for the official marks to arrive from some external modules.

Conference

The Conference Dinner is now completely full and we have started a reserve list so please let me or Kathleen know if you cannot make it as someone else will. By now your abstracts should be going through your company approval process. Similarly remember to get approval for posters and presentations.

New Recruits

Please welcome Laudina Duffus who joins us today. She will be working with Cargill, supervised by Dr. Spyropoulos.

Several students have recently submitted, Luke Tarrant, Michele Marigo and Uka Oguh will have their viva in the next few months. We also wish Kylee Goode and Pam Cole good luck for their vivas.

Conferences

I have several conferences coming up back to back so will be out of the office a lot in April/May and of course there is the Coniston Module. I will forward details in April. I am hoping to drive a minibus myself and some of you can travel there by car.
