

## March Newsletter

Welcome to this months Newsletter covering the following items:

- **Upcoming Modules**
- **Annual Conference: abstracts/poster/talk clearance *and please confirm and submit dinner requirements***
- **Abstracts**
- **Product Design – anyone else for this year?**

### Upcoming Modules

| Modules Query by date range |             |                                                    |         |                      |
|-----------------------------|-------------|----------------------------------------------------|---------|----------------------|
| Dates                       | Module Code | Module Title                                       | Credits | School               |
| 01/03/2010                  | 04 20082    | Mathematical Modelling of Time-dependent Processes | 10      | Chemical Engineering |
| 08/03/2010                  | 04 15348    | Food Flavour                                       | 10      | Chemical Engineering |
| 08/03/2010                  | 04 19688    | Materials for Hydrogen and Fuel Cell Technologies  | 10      | Chemical Engineering |
| 15/03/2010                  | 04 15492    | Powder Handling and Processing                     | 10      | Chemical Engineering |
| 22/03/2010                  | 04 18527    | Design and Development of Drug Delivery Systems    | 10      | Chemical Engineering |

7th Annual Formulation Engineering Conference – 20<sup>th</sup> & 21<sup>st</sup> April – abstracts, posters, talks.

As you will be aware, the annual Engineering Conference is fast approaching! Please ensure you have commenced the process of obtaining clearance for your poster/talk.

The same applies for those preparing abstracts for the conference. The deadline for submitting your abstract is Friday 19<sup>th</sup> March and completed copies should be emailed to John Hooper [j.c.hooper@bham.ac.uk](mailto:j.c.hooper@bham.ac.uk) as soon as possible.
