

Reports and other writings

British Rail Research Reports - Internal Memoranda IMAERO

1. C.J. Baker, T. Johnson, 1980 "The Cranfield Moving Model Experiments, Part IV - Appendix", IMAERO 133
2. C.J. Baker, 1981 "The static overturning of APT-S", IMAERO 134
3. C.J. Baker, 1981. "The aerodynamic drag of trains - a proposed research programme", IMAERO 137
4. C.J. Baker, 1981. "An approximate analytical formula for predicting overturning probabilities", IMAERO 142
5. C.J. Baker, 1982. "The stability of trains in high winds - a proposal for a continuing research programme", IMAERO 143
6. C.J. Baker, 1982. "The overturning probability of APT-R", IMAERO 144
7. C.J. Baker, 1982. "The overturning of lightweight trains in high winds", IMAERO 145
8. C.J. Baker, 1982. "Further analysis of the results of the Cranfield moving model experiment", IMAERO 150
9. C.J. Baker, 1982. "The overturning characteristics of the proposed double deck vehicle", IMAERO 153
10. C.J. Baker, T. Johnson, D. Edwards, 1982 "Full scale measurements of the aerodynamic drag of trains", IMAERO 156
11. C.J. Baker, 1982. "An analysis of SNCF train resistance results", IMAERO 159
12. C.J. Baker, 1982 "Cost saving through aerodynamic drag reduction", IMAERO 160

British Rail Research Reports - Technical Memoranda TMAERO

- 1 C.J. Baker. 1981. "The Cranfield Moving Model Experiment, Part III, Results and Discussion" TMAERO52
2. C.J. Baker, 1981. "Probability of lightweight DMUs overturning on the Cumbrian Coast Line", TMAERO53
3. C.J. Baker, 1981. "Overturning estimates for APT-S (June 1981)", TMAERO57
4. C.J. Baker, 1981. "Tests on a 1/50th scale model APT-S in a low turbulence wind tunnel", TMAERO58
5. C.J. Baker, 1982. "Measurements of the natural wind in Cumbria - October 1980 - March 1981", TMAERO59
6. C.J. Baker, A.S. Watson, 1982. "Flow visualisation experiments on a Derby Lightweight DMU", TMAERO67
7. C.J. Baker, 1982. "The measurement of the natural wind in Cumbria 1981/82", TMAERO68
8. C.J. Baker, 1983, "Wind tunnel tests on a 1/35th scale model APT-S", TMAERO69
9. C.J. Baker, 1983. "The use of the tatter flag technique in railway environments", TMAERO70
10. C.J. Baker, 1983. "Wind tunnel tests on a 1/50th scale APT-S in the Oxford University Wind Tunnel", TMAERO71
11. C.J. Baker, 1983. "The overturning of trains in high winds - a status

report", TMAERO72

Nottingham University Research Reports

1. C.J. Baker, 1983, "The instability of ground vehicles in high winds"
2. C.J. Baker, 1983, "Measurement of the natural wind in Cumbria 1982/83"
3. C.J. Baker, 1983, "The development of a large scale boundary layer simulation"
4. C.J. Baker, 1984, "A large scale atmospheric boundary layer simulation for the Cranfield Moving Model Rig"
5. C.J. Baker, 1984, "Measurements of the natural wind in Cumbria and Southern Scotland"
6. C.J. Baker, 1984, "Wind measurements on the Redheugh Bridge, Newcastle"
7. C.J. Baker, 1984, "Railway Aerodynamics Symposium" (edited by the applicant) this includes "Wind effects in the railway environment" by the applicant
8. C.J. Baker, G B Parr 1985, "Holme Pierrepont Canoe Slalom Course - Model tests to determine inlet gate design"
9. C.J. Baker, 1985, "The use of tatter flags to predict extreme wind conditions"
10. C.J. Baker, 1986, "The aerodynamic drag of railway trains - a critical review"
11. C.J. Baker, G.B. Parr 1986, "Wind tunnel tests to investigate the effectiveness of snow barriers for the A57 Snake Pass Road in Derbyshire"
12. C.J. Baker, 1986, "The determination of safe wind speeds for high sided vehicles"
13. C.J. Baker, 1988, "Users guide to BLOWOVER"
14. C.J. Baker, 1988, "Ground vehicles in cross winds - a bibliography"
16. C.J. Baker, C. Robinson, 1988 "The calculation of aerodynamic forces on high speed trains in a cross wind", SERC Final Report
17. C.J. Baker, 1989 "Comments on the BMT tests to determine the aerodynamic loads on the channel tunnel shuttle vehicles"
18. C.J. Baker, 1989 "Ground vehicles in cross winds - a bibliography"
19. C J Baker, 1989 "Lyme Brook, Newcastle under Lyme: An evaluation of channel and bridge capacity"
20. C.J. Baker, 1990 "The aerodynamic drag of freight trains", (FR 90001).
21. C.J. Baker, 1990 "Ground vehicles in high cross winds - Part I: Steady aerodynamic forces (extended version)" (FR 90012).
22. C.J. Baker, 1990 "Flow measurements in the inlet port of a model gas powered glass furnace", (FR90020)
23. C.J. Baker, S. Reynolds, 1990 "Wind induced accidents of road vehicles", (FR 90045)
24. C.J. Baker, H. Bell, A. Dawson, C.J. Wright, 1990 "Damage due to tree fall in high winds", SERC Project Report
25. C.J. Baker, X. Yang, 1991 "A review of the ventilation of broiler chicken lorries" (with X Yang), 1991, (FR91009)
26. C.J. Baker, N. Humphreys, 1991 "Aerodynamic forces and moments on containers on flat wagons from moving model tests", (FR91017)

27. C.J. Baker, 1991 "The Civilised City - a project definition study", (FR91021)
28. C.J. Baker, 1991 "The aerodynamics of poultry transporter vehicles - 1st year progress report," (FR91048)
29. C.J. Baker, 1992 "The aerodynamics of ground vehicles in cross winds", 1992, SERC Research Grant Final Report, (FR92018)
30. C.J. Baker, C. Williams, 1992 "Development of models for the prediction of wind loads on buildings", (FR92030)
31. C.J. Baker, X. Yang, 1992 "The aerodynamics and ventilation of poultry transport vehicles - wind tunnel experiments and numerical computation" (FR92043)
32. C.J. Baker, A.R. Dawson, C.J. Wright and H.J. Roodbaraky, 1992 "An experimental study of the mechanisms of tree fall due to strong winds", SERC Research Grant Final Report (FR92044)
33. C.J. Baker, 1992 "Towards a 'code of practice' for determining the safety of urban trees in high winds", (FR92061)
34. C.J. Baker, 1993 "The effect of modularisation on student performance and perception in a 1st year civil engineering course", (FR93011)
35. C.J. Baker, 1993 "Outline of a novel method for the prediction of atmospheric pollution dispersion from road vehicles", (FR93021)
36. C.J. Baker, 1993 "An integrated model for transport pollution dispersal in urban areas", (FR93022)
37. C.J. Baker, C. Williams, 1993 "Development of models for the prediction of wind loading on building roofs" (FR93025)
38. C.J. Baker, X. Yang, P. Kettlewell, R. Hoxey, 1993 "The assessment of the ventilation characteristics of poultry transport vehicles" (FR93031)
39. C.J. Baker, 1993 "Engineering approaches to aspects of the wheat lodging problem", (FR93036)
40. C.J. Baker, D.M. King, 1993 "Offshore wind influence on breaking waves" (FR93038)
41. C.J. Baker, 1994 "Preliminary considerations of the effect of the fourth Trent crossing on the wind environment on the River Trent", (FR94009)
42. C.J. Baker, 1995 "Wind flows and natural gas dispersion in the urban environment", (FR95009)
43. C.J. Baker, 1996 "Measurements of the natural frequency of trees", (FR96008)
44. C.J. Baker, W. Pearce, 1996 "Vehicle pollutant dispersion in urban areas", (FR96012)
45. C.J. Baker, W. Pearce, 1996 "Wind tunnel tests to determine the mean drag coefficient on a lighting tower mast assembly" (FR96015)
46. C.J. Baker, S. Dalley, 1996 "The development of a numerical simulation program to aid the investigation of the ventilation characteristics of poultry transport vehicles" (FR96040)
47. C.J. Baker, 1997 "Analysis of the surface pressure fields on buildings using the technique of orthogonal modal decomposition" (FR97008)
48. C.J. Baker, 1997 "The effect of the Ocena Plaza development on the wind conditions for sailing on Marine Lake in Southport" (FR97018)
49. C.J. Baker, W. Pearce, 1998 "The determination of overturning wind speeds for the Finnish Railways ICS high sided coach" (FR98008)
50. C.J. Baker, P. Berry, J. Spink, J. Griffin, R. Sylvester-Bradley, R. Clare,

- R.K. Scott, 1998 "Assessing risks and avoiding lodging in wheat" Report submitted to HGCA
- 51 C.J. Baker, W. Pearce, 1998 "Wind tunnel boundary layer measurements for TRANSAERO Work Package 1" (FR98009)
- 52 C.J. Baker, W. Pearce, 1998 "Wind tunnel measurements of the aerodynamic forces and moments on a DB IR train using the moving model technique" (FR98017)
- 53 C.J. Baker, W. Pearce, 1998 "The reduction of crosswind forces and moments on trains using wind fences" (FR98018)

Birmingham University Research Reports

1. C.J. Baker, 1999 "Spectral measurements of the crosswind force and moment coefficients on a wind tunnel model of a train protected by wind fences" TRANSAERO report
- 2 C.J. Baker, S. Dalley, M. Brown, A D. Quinn, 1999 "The slipstreams of road and rail vehicles", DETR LINK grant final report
- 3 C.J. Baker, M. Sterling, 2003 "Current and recent international work on railway aerodynamics", Report to Railway Safety
- 4 C.J. Baker, 2003 "Wind overturning study: Full scale and wind tunnel measurements to determine the aerodynamic force and moment parameters of Mark 3 and Class 390 vehicles - Overview Report", Report to Railway Safety
- 5 C.J. Baker, 2004 "Pedestrian level wind conditions around the proposed development at 25-29, Clements Rd, Ilford" Report to Emmerson Architects
