Industrial Advisory Panel

Terms of Reference

The responsibilities of the Industrial Advisory Panel will include:

- Providing independent advice to the Management Board.
- Overseeing and advise on the impact of the Project against its strategic objectives.
- Providing a forum for views of sector stakeholders, both industrial and academic.
- Advising the Management Board on suggested allocation of EPSRC funding.
- Advising on scientific and technical issues.
- Advising on priority areas for future collaborative projects.
- Advising the Management Board on emerging developments in the sector.

All current members of the Industrial Advisory Panel have been invited to join for 2 years in the first instance, after which the membership will be reviewed.

The Industrial Advisory Panel will meet once per year on the occasion of the Annual Meeting. The date for the first meetings is Fri 18th October at ICL. Note that this meeting will be preceded by a dinner on the evening of the 17th Oct and will be part of a 2 day Annual Meeting, covering the 17th and 18th Oct.

The dates and venues for subsequent meetings will be organised during the previous Industrial Advisory Panel meeting.
