

# The BIFoR FACE Facility

The Birmingham Institute of Forest Research (BIFoR) has a unique space available to hire for meetings / seminars / small conferences.

Our meeting room (the Long Barn) is situated at the BIFoR Free-Air Carbon Enrichment (FACE) Facility in Staffordshire. Our atmospheric event venue offers the perfect setting for a team away day or small workshop / conference. The meeting space is part of an 18th Century beautifully restored Long Barn with fantastic views down onto our research facility.

## Capacity

The meeting room has space for 27 delegates boardroom style and up to 40 theatre style. There are also smaller break out rooms available on the mezzanine floor.

## Technology

There are four large screens in each corner of the room for presentations. Wifi is available.

## Catering

Tea and coffee making facilities are available. Catering can be arranged through local suppliers.

## Parking

Please note parking can be an issue so car sharing is encouraged. Please note the Long Barn is 30 minute walk from the main BIFoR FACE reception area or a short drive along narrow farm roads.

## Costs

Costs of hire are depend on your event requirements. Please contact the BIFoR Project Administrator on [bifor@contacts.bham.ac.uk](mailto:bifor@contacts.bham.ac.uk) for further information.

## Tours

Tours of the research facility can be arranged either side of your meeting, please note these will in most cases incur an additional charge.
