Dear Applicant,

Re: Non-academic conditions of your offer

We are very much looking forward to welcoming you to the University and our School to commence your master's degree programme. However, there are a number of other aspects related to the degree and your offer that we will need you to satisfy before you can undertake clinical placements in the University.

These are:

1. Health Declaration form
2. Immunisation form
3. Evidence of a satisfactory Disclosure and Barring Service (DBS) check
4. Registration with the Health and Care Professions Council (HCPC) or General Medical Council (GMC).

While we acknowledge that can take time to both gain and pass on to us, we are willing to accept you on to the above programme, but it is still essential that these conditions of offer are fulfilled prior to the start of the clinically-based elements of your programme of study (this is due to mandatory requirements surrounding clinical practice in the UK).

Please see our website which contains further information on how to complete these: <https://www.birmingham.ac.uk/study/postgraduate/apply/offer-holder-hub/les/non-academic-conditions>

If any of these conditions of your offer remain outstanding by **1st January 2026**, it will be necessary to transfer you to a non-clinical programme, or you may need to undertake your clinical placement outside the UK. Further information regarding these options will be provided so that you can make an informed decision.

We would be very grateful if you could please sign, date, and return a copy of this letter indicating that you understand this requirement. Please upload to the admissions portal.

Please note that we cannot make you an unconditional offer until you have signed and returned this form.

Yours sincerely,

Academic Administration Manager

Alan Cartwright

I confirm that I have read the above and understand and acknowledge that if I have not satisfactorily met the outstanding conditions of the offer, as stated above, relating to my clinical practice on the master programme by no later than **1st January 2025**, I will be unable to undertake the clinical element of my programme in the UK, and may be required to withdraw from my studies.
