EVALUATION OF TRUNK MECHANICS

We are seeking people to volunteer to participate in a study conducted at the SCHOOL OF SPORT, EXERCISE AND REHABILITATION SCIENCES

Who?

Individuals without a history of back pain or back injury within the past 3 years

What is involved?

We will measure your trunk motion using a 3D Motion Capture System and Wireless Electromyography in one session of approximately 90 minutes

You will be compensated £10 for participation

If you are interested in taking part or would like further information, then Please contact:
