

UNIVERSITY OF  
BIRMINGHAM

# Have you had a mini-stroke or minor stroke?

Researchers at the University of Birmingham are interested in the long term impact of mini-stroke (aka transient ischaemic attack: TIA) and minor stroke.

To help design a research study, they want to hear about people's experience of life after mini-stroke.

If you are interested in helping out or would like more details please contact **Grace Turner**: [G.Turner.1@bham.ac.uk](mailto:G.Turner.1@bham.ac.uk) | 0121 414 5463
