

## Centre for Human Virology Launch Event

*"Working together to conquer virus disease"*

**A celebration of 50 years of virology in Birmingham**

**Monday 7th - Tuesday 8th April 2014**

**Bramall Music Building, University of Birmingham**

This meeting is a celebration of both past achievements in the study of viral associated cancers, viral pathogenesis and immune responses, as well as a timely opportunity to identify future trends and developments in the understanding and treatment of virus disease

### **Invited faculty include:**

- Professor Jeff Almond, University of Oxford
- Dr Ulrich Desselberger, University of Cambridge
- Professor Paul Griffiths, UCL
- Professor Robert Lamb, Northwestern University, Illinois, USA
- Professor Stephen Locarnini, Victorian Infectious Diseases Reference Laboratory, Melbourne, Australia
- Professor Mark Marsh, UCL
- Professor Massimo Palmarini, University of Glasgow
- Professor Robin Weiss, UCL

**There will also be an exciting opportunity to meet the Professors during lunch on Monday 7 April**

### **Registration details**

Early Bird registration £30

Early Bird closes on Friday 14th March, registration after this date will be £50
