Q: Do all project collaborators need to be BactiVac Network members?
A: Yes, all named collaborators do need to be Network members

Q: Can I apply for membership at the same time as submitting an application for funding?
A: Yes, the Network can process both applications in parallel

Q: Is it compulsory to have a UK partner within the application collaborators?
A: Yes, there must be a UK partner listed in the application

Q: Does the UK institution need to be the lead applicant?
A: No, the lead applicant can be based anywhere in the world

Q: Do applications have to have an LMIC or industry partner?
A: No, we will accept and consider applications without industry or LMIC involvement

Q: Do applicants and co-applicants need to be based at different institutions?
A: Yes, at least one of the co-applicants must be based at a different institution. Applications where all applicants are based at the same institution cannot be processed.

Q: Is Principal Investigator supervision time an allowable cost?
A: No, principal investigator supervision costs are not supported

Q: How much information is required in Section 14 regarding the 20% matched funding for UK institutions?
A: The information needs to show that the UK host institution is aware of the need to meet the remaining 20% of funding so that the direct costs required to deliver the project are provided to the lead applicant.
