

**Interdependence conception 1:**

What is to be discerned	Critical aspects				
	Population	Prey	Predator	Habitat	Food web
Some predators have more than one type of prey	i	v	i	i	i
Populations of prey affects populations of predators	v	v	v	i	i
Prey can be consumed by numerous predators	i	i	v	i	i
Principles of interdependence apply across a range of habitats	i	i	i	v	i
