

Foundation Progression Requirements (2018-19 and 2019-20) - Arts, Social Sciences, Business and Law

These requirements apply to students completing the foundation pathway in the academic years 2018-19 and 2019-20. Upon successful completion of the Arts, Social Sciences, Business and Law Pathway you will be guaranteed a place on one of the following degree programmes, subject to meeting the progression requirements listed below. Unless otherwise stated, the undergraduate degrees listed below are 3-year programmes (you would therefore study for a total of 4 years including the Foundation year). It is possible to progress to one of our four-year undergraduate programmes, for example, an MEng or MSci. Students wishing to progress to a 4-year UG programme would transfer at the end of the foundation year or during their UG degree and will need to apply for an extension of their studies.

* You will be assigned an appropriate English module once you have started the course and you will need to gain the listed mark in this module to progress. ^Your average is based on all modules taken and weighted according to the credit value of the module. § Quantitative Methods for Business and Economics must be taken with Business and the Market

Birmingham Business School	Modules	Progression Requirements^
