

Birmingham Research Park

Accommodation and Services

Edited on 14/03/2011

Institute of Research and Development (IRD)

The IRD is an attractive multi unit building designed to provide flexible, high quality accommodation. It has a main reception area with interview rooms and also boasts a large conference room and car parking facilities.

It IRD offers approximately 45,000sqft of lettable accommodation on three floors, in units ranging from 340sqft upwards. Relatively short tenancies are available.

Information and Communications Technology Centre (ICT Centre)

The ICT Centre also provides a high standard of accommodation with all the units being pre-wired for internal networking. In addition there is a meeting room, seating up to 30 theatre style. Again, car parking facilities are available.

The ICT Centre offers approximately 11,000sqft of lettable accommodation, in units ranging from 380sqft upwards. Relatively short tenancies are available.
