Your new home awaits
Your student accommodation

2017-18 Guide
‘Wherever you choose to live, it will be the most memorable, amazing time of your life. The people around you and the great range of things to do will make you feel at home.’

Paul, English and Drama student
Your new home from home

For many of you, student accommodation will be your first time living independently and we offer you a welcoming environment so that you instantly feel at home.

Living with us is so much more than just a room. It is a fantastic opportunity to meet new people, make lifelong friendships and participate in social events throughout the year.

Being away from home for the first time can come with concerns such as organising utilities including internet, insurance and electricity. To make sure you have time to make the most of your experience as a student we have sorted all of these for you – meaning more time for your studies and having fun.

You can even live at our Global Community with students from across the world, or discover sustainable living solutions at our Green Community. We have three student villages, all within walking distance from the main campus. Each village has a range of social spaces, a packed events calendar and easy access to supermarkets, bars and a thriving city life.

‘I really enjoyed my time in halls. I made lots of friends and settled into student life very quickly. University accommodation is ideal because it offers you a place to study, eat, sleep and socialise.’

Michael, Psychology student

Our Show Home

We invite you to discover our Show Home to get a flavour of our accommodation and the student experience. You can view a typical flat, explore our 3D map and even transport yourself into each residence with our virtual reality headsets!

Our Show Home is located in The Hub at The Vale and accessible seven days a week throughout term time. We look forward to welcoming you there.

Our Accommodation Open Day

Whilst we can tell you about how great it is to live with us, we really encourage you to come and see everything we have to offer.

All our accommodation can be viewed during our annual Accommodation Open Day, usually held in March. You will have the opportunity to speak to students living in the villages and see their rooms. You may decide to change your accommodation preferences after visiting us, which you can do easily on the online portal up until the Guarantee Deadline. See page 17 for further information.
Where would you like to live?

We understand that your accommodation will be an important part of your university experience. Therefore, we have many options to suit different tastes and budgets.

Our options include single study bedrooms with a shared kitchen and bathroom, and en-suite accommodation with a shared kitchen. We also have studios and apartments available where you have exclusive use of the kitchen and bathroom.

There are also different catering options for you to consider. Would you like self-catered accommodation where you can put your culinary skills to the test, or would you prefer our popular and flexible Meal Plan option, which you can use to eat at over 30 outlets across campus and the Vale?

You may also wish to consider whether you would prefer living in mixed-sex or single-sex accommodation. During the application process you will be able to select your preferred accommodation options.

No matter what your preference, we are confident that you’ll have a fabulous time. You can learn more about our residences from page 8 onwards.

‘I have cereal for breakfast in my flat, and use my Meal Plan for lunch and dinners. I use it on campus either in the Library Cafe, Go Central or Starbucks, and get a sandwich or jacket potato. For dinner I get a meal and a drink from InFusion – sometimes I get a dessert too.’

Becky, Psychology student
Meal Plan

Taking the hassle out of filling up the fridge and having to cook each day, Meal Plan offers you easy and flexible dining options with a wide variety of foods available.

We’ve taken the best bits of traditional catered accommodation:

- Getting together with friends over a meal
- Avoiding long supermarket queues
- Cashless
- No washing up!

And created our flexible alternative called Meal Plan. We’ve removed the old fashioned approach of eating at set times in the same place, and rejuvenated it with an assortment of different meal options and locations.

Meal Plan is more than just an accommodation choice, it is a lifestyle. It offers you a fantastic opportunity to meet new friends in a relaxed environment.

We’ve made it simple – £55 on your student card to spend on your meals, including £5 on us! You can spend this on a wide variety of delicious food and drink at over 30 locations across campus and the Vale. Not only is it a stress free way to plan your meals, it also helps you to allocate your food budget.

With Meal Plan you don’t need to spend your time worrying about what to cook every night or what groceries to get in. The hardest part is deciding who to meet up with and what you fancy to eat.

Flexible. Sociable. Tasty.

Coming to university is very exciting, but it also comes with a degree of uncertainty. We have a number of services in place to make sure that there is always support available no matter how big or small your worries may be.

Accommodation Pass
Once you have secured your accommodation you can access our interactive Accommodation Pass, which is an online induction packed full of useful information, including what you can expect when you arrive and who you should contact with queries and much more.

Accommodation App
We have our own accommodation App full of helpful features, including maps of the villages, an events calendar and you can even view the progress of your laundry.

Student Mentor Scheme
Our student mentors are available throughout the year to offer advice and guidance.

Made up of existing students, our mentors offer a wealth of information, having been through exactly the same sorts of things only one or two years previously. Student mentors also organise social events at the villages during Welcome Week and throughout the year. Find out more at: www.guildofstudents.com/help-advice/studentmentors

Residents’ Associations
Each residence has an elected Residents’ Association (RA) brought to you by the Guild of Students. Elected by their fellow residents, the committee, which is made up of first year students, represents your needs to the University, working hard to ensure you receive the best possible living experience.

The committee is responsible for arranging a host of activities that will help you make friends and settle into your new home. Past events have included winter balls, sports competitions and trips to local attractions. For more information, visit: www.guildofstudents.com/raevents
At the University of Birmingham, we put sustainability at the heart of accommodation.

Our villages are built with sustainability at the heart, not only do you have comprehensive recycling facilities right on your doorstep but the majority of our accommodation is powered by our own Combined Heat and Power stations providing a more sustainable solution to heating your room.

We are also a Fairtrade University and were founders of the multi-award-winning student-led community project, Junkbusters, which has raised in excess of £125,000 for the British Heart Foundation thanks to students’ donations of belongings that they no longer require.

We have achieved all of this and so much more with the help and ideas of our student community.

Our Green Community

In 2016 we launched the Green Community, an exciting living option available to 184 students that share a passion for sustainability. The Green Community features 272 solar panels, apple trees, bird boxes and so much more, offering you a truly unique living experience.

Set in the beautiful surroundings of lakeside parkland, The Vale Village is our largest accommodation site. It is home to more than 3,500 students in eight residences and the only village offering Meal Plan accommodation.

It is a thriving community, which hosts a number of popular social events throughout the year including a spectacular fireworks display and Vale Fest, a student-run music, dance and comedy festival.

The Hub, located at the heart of the village, is a great place for you to meet up with your new friends in one of the bars, cafes or restaurants. There is also a convenience store, a 24-hour reception and social spaces for you to study or relax in.

‘I lived in Mason in my first year – I loved the friendly atmosphere that came from living in a block with lots of other students.’

How to apply

Once you have your offer of a place to study, you can apply online for accommodation. Applications usually open on 1 December and you will need your student ID and a valid email address.

It is important that you understand that your preferences will only be treated as indicators by Living. If Living is unable to offer you one of your six location preferences, we will then try to allocate you to your generally preferred bathroom type and/or catered type where available.

If you are interested in our Green Community or Pritchatts House Global Community you will need to submit a short statement during the application process (up to a maximum of 250 words) about why you would like to be a part of these unique living experiences.

Our Guarantee Schemes

We guarantee you a room in either University or partner accommodation through our Freshers’ Guarantee Scheme, provided you have:

- Applied to the University of Birmingham through UCAS
- Accepted our academic offer firmly
- Submitted the accommodation application by 31 May (home/EU students), or 31 July (international students)
- Confirmed by 1 September that you are coming to the University of Birmingham
- Come to the University of Birmingham on your own
- Applied for accommodation for a full academic year (42 week contract)

The Postgraduate Guarantee Scheme guarantees a place in University or partner accommodation to all first year postgraduate international and non-UK/EU students providing you have:

- Accepted our academic offer firmly by 1 September
- Submitted the accommodation application by 31 July
- Come to the University of Birmingham on your own
- Applied for accommodation for a full academic year (50-week contract)

Key information

If you are holding the University of Birmingham as your insurance offer you should still apply for University accommodation. Your application will be reviewed once all firm choice students have been allocated bedrooms.

If your application does not fall into one of our Guarantee Schemes, we still encourage you to apply. We are usually able to offer accommodation to most applicants, and even where that is not possible, we can still help you find alternative options.
Allocating accommodation

Accommodation applications are processed in a random order using our automated allocations system, ensuring accommodation is allocated fairly. Some accommodation is inevitably more popular than others and therefore your preferences cannot be guaranteed. However, no matter which accommodation you are allocated, you will have a fantastic time with us.

Once you have confirmed your place at the University of Birmingham and after meeting entry requirements, an offer of accommodation will be emailed to you within 14 days after A level results day. If you receive an unconditional offer from us, you can usually expect your accommodation offer in late July.

A £550 pre-payment will be required to secure your accommodation when you receive your offer. You will have four days to accept this offer so please keep an eye on your emails during the summer.

This is not a deposit and will be deducted from your overall accommodation cost. You can then opt to pay for your accommodation in full, or in instalments.

For more information about our student accommodation visit: www.birmingham.ac.uk/accommodation

If you have any questions about our accommodation, Living, the University’s Accommodation Service can help. You can contact the team on +44 (0)121 414 8000, living@contacts.bham.ac.uk or pop into our offices on campus in University Centre.
