Your new home awaits
Your student accommodation
‘Wherever you choose to live, it will be the most memorable, amazing time of your life. The people around you and the great range of things to do will make you feel at home.’

Paul, English and Drama student
Your new home from home

For many of you, student accommodation will be your first time living independently and we offer you a welcoming environment so that you instantly feel at home.

Living with us is so much more than just a room. It is a fantastic opportunity to meet new people, make lifelong friendships and participate in social events throughout the year.

Being away from home for the first time can come with concerns such as organising utilities including internet, insurance and electricity. To make sure you have time to make the most of your experience as a student we have sorted all of these for you – meaning more time for your studies and having fun.

You can even live at our Global Community with students from across the world, or discover sustainable living solutions at our Green Community. We have University owned and partner accommodation across a range of locations around Edgbaston, all within easy reach the main campus. Our accommodation has a great selection of social spaces, a packed events calendar and easy access to supermarkets, bars and a thriving city life.

‘Living in halls was great. Everyone was in the same boat, meaning it was the perfect place to make friends and settle into university life. I remember everyone knocking on each other’s doors on the first day and introducing themselves.’

Tom, History student

Our Accommodation Open Day

Whilst we can tell you about how great it is to live with us, we really encourage you to come and see everything we have to offer.

All our accommodation can be viewed during our annual Accommodation Open Day, usually held in March. You will have the opportunity to speak to students living in the villages and see their rooms. You may decide to change your accommodation preferences after visiting us, which you can do easily on the online portal up until the Guarantee Deadline. See page 17 for further information.

Our Show Home

We invite you to discover our Show Home to get a flavour of our accommodation and the student experience.

You can view a student bedroom, explore our 3D map and find out about all of the things we have to offer at Birmingham.
We understand that your accommodation will be an important part of your university experience. Therefore, we have many options to suit different tastes and budgets.

Our options include single study bedrooms with a shared kitchen and bathroom, and en-suite accommodation with a shared kitchen. We also have studios and apartments available where you have exclusive use of the kitchen and bathroom.

There are also different catering options for you to consider. Would you like self-catered accommodation where you can put your culinary skills to the test, or would you prefer our popular and flexible Meal Plan option, which you can use to eat at over 30 outlets across campus and the Vale?

You may also wish to consider whether you would prefer living in mixed-sex or single-sex accommodation. During the application process you will be able to select your preferred accommodation options.

No matter what your preference, we are confident that you’ll have a fabulous time. You can learn more about our residences from page 8 onwards.

‘With Meal Plan, I usually eat breakfast at my flat before grabbing a coffee from Starbucks on the way to campus. I like to mix it up a bit so sometimes I buy a salad from one of the cafes on campus, a burrito from Go Mex or some Chinese food from Wok Fresh. I typically eat my dinner at InFusion on The Vale or get a pizza to go. With no restrictive meal times the options are endless.’

Georgie, Medicine student
Meal Plan

Taking the hassle out of filling up the fridge and having to cook each day, Meal Plan offers you easy and flexible dining options with a wide variety of foods available.

We’ve taken the best bits of traditional catered accommodation:

- Getting together with friends over a meal
- Avoiding long supermarket queues
- Cashless
- No washing up!

And created our flexible alternative called Meal Plan. We’ve removed the old-fashioned approach of eating at set times in the same place, and rejuvenated it with an assortment of different meal options and locations.

Meal Plan is more than just an accommodation choice, it is a lifestyle. It offers you a fantastic opportunity to meet new friends in a relaxed environment.

We’ve made it simple – £55 on your student card to spend on your meals, including £5 on us! You can spend this on a wide variety of delicious food and drink at over 30 locations across campus and the Vale. Not only is it a stress-free way to plan your meals, it also helps you to allocate your food budget.

With Meal Plan you don’t need to spend your time worrying about what to cook every night or what groceries to get in. The hardest part is deciding who to meet up with and what you fancy to eat.

Flexible. Sociable. Tasty.

Coming to university is very exciting, but it also comes with a degree of uncertainty. We have a number of services in place to make sure that there is always support available no matter how big or small your worries may be.

**Accommodation Pass**

Once you have secured your accommodation you can access our interactive Accommodation Pass, which is an online induction packed full of useful information, including what you can expect when you arrive and who you should contact with queries and much more.

**Accommodation App**

We have our own accommodation App full of helpful features, including maps of the villages, an events calendar and you can even view the progress of your laundry.

**Student Mentor Scheme**

Our student mentors are available throughout the year to offer advice and guidance.

Made up of existing students, our mentors offer a wealth of information, having been through exactly the same sorts of things only one or two years previously. Student mentors also organise social events at the villages during Welcome Week and throughout the year. Find out more at: www.guildofstudents.com/help-advice/studentmentors

**Residents’ Associations**

Each residence has an elected Residents’ Association (RA) brought to you by the Guild of Students. Elected by their fellow residents, the committee, which is made up of first-year students, represents your needs to the University, working hard to ensure you receive the best possible living experience.

The committee is responsible for arranging a host of activities that will help you make friends and settle into your new home. Past events have included winter balls, sports competitions and trips to local attractions. For more information, visit: www.guildofstudents.com/raevents

*Our accommodation offers you so much more than just a bedroom*
At the University of Birmingham, we put sustainability at the heart of accommodation.

Our villages are built with sustainability at the heart, not only do you have comprehensive recycling facilities right on your doorstep but the majority of our accommodation is powered by our own Combined Heat and Power stations providing a more sustainable solution to heating your room.

We are also a Fairtrade University and were founders of the multi-award-winning student-led community project, Junkbusters, which has raised in excess of £165,000 for the British Heart Foundation thanks to students’ donations of belongings that they no longer require.

The University of Birmingham became the first place outside of London to work with waste coffee recycling company bio-bean to recycle spent coffee grounds from catering outlets across its campus. These will be taken to their world-first coffee recycling facility and will be processed into sustainable bio-fuels such as coffee logs. This reduces greenhouse gas emissions through diverting waste from landfill.

Our brand new scheme, which sends food waste to anaerobic digestion is currently being piloted by Green Community residents. We hope with their help and guidance, we can roll this out into other accommodation sites.

Our Green Community

In 2016 we launched the Green Community, an exciting living option available to 184 students that share a passion for sustainability. The Green Community features 272 solar panels, apple trees, bird boxes and so much more, offering you a truly unique living experience.
Sustainability is at the heart of student accommodation. We are passionate about championing pro-environmental behaviour supporting projects that promote sustainable living to staff and students.

Set in the beautiful surroundings of lakeside parkland, The Vale Village is our largest accommodation site. It is home to more than 3,500 students in eight residences and the only village offering Meal Plan accommodation.

It is a thriving community, which hosts a number of popular social events throughout the year including a spectacular fireworks display and Vale Fest, a student-run music, dance and comedy festival.

The Hub, located at the heart of the village, is a great place for you to meet up with your new friends in one of the bars, cafes or restaurants. There is also a convenience store, a 24-hour reception and social spaces for you to study or relax in.

How to apply

Once you have your offer of a place to study, you can apply online for accommodation. Applications usually open on 1 December and you will need your student ID and a valid email address.

Please note that your preferences will be treated as indicators by Living and cannot be guaranteed. If Living is unable to offer you one of your six location preferences, we will then try to allocate you to your generally preferred bathroom type and/or catered type where available.

If you are interested in our Green Community or Pritchatts House Global Community you will need to submit a short statement during the application process (up to a maximum of 250 words) about why you would like to be a part of these unique living experiences.

We guarantee you a room in either University or partner accommodation through our Freshers’ Guarantee Scheme, provided you have:

If your application does not fall into one of our Guarantee Schemes, we still encourage you to apply. We are usually able to offer accommodation to most applicants, and even where that is not possible, we can still help you find alternative options.
Allocating accommodation

Accommodation applications are processed in a random order using our automated allocations system, ensuring accommodation is allocated fairly. Some accommodation is inevitably more popular than others and therefore your preferences cannot be guaranteed. However, no matter which accommodation you are allocated, you will have a fantastic time with us.

Once you have confirmed your place at the University of Birmingham and after meeting entry requirements, an offer of accommodation will be emailed to you within 14 days after A level results day. If you receive an unconditional offer from us, you can usually expect your accommodation offer in late July.

For University owned accommodation a £550 pre-payment will be required to secure your accommodation when you receive your offer. The pre-payment is not a deposit and will be deducted from your overall accommodation cost. You can then opt to pay for your accommodation in full, or in instalments.

If you have an offer for Partner accommodation you will be required to pay a deposit to confirm your booking. The private provider will contact you directly and the accommodation contract will be between them and yourself. For any information surrounding our Partner accommodation including deposits you can visit our website or contact us using the details below.

You will have four days to accept your offer of partner or University owned accommodation so please keep an eye on your emails during the summer.
