Welcome to our glorious campus

AS YOU EXPLORE CAMPUS TODAY, LOOK OUT FOR SOME OF ITS HIGHLIGHTS

► Birmingham is consistently ranked in *The Telegraph's* Top 10 most beautiful campuses.

Birmingham was the first civic or 'redbrick' university, established to support the ambitions of its home city.

▼ The Bramall building, where we hold our Introduction to the University of Birmingham Talks on Open Day is also the site of comedy nights and concerts to suit a range of tastes and interests from jazz to classical music and theatre.

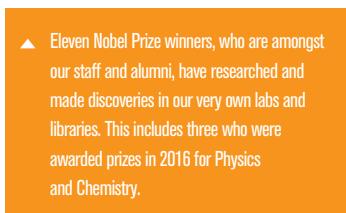

► Visit the Lapworth Museum of Geology, a runner-up for Art Fund Museum of the Year 2017, the world's largest and most prestigious prize for museums.

Maybe you've already figured this out, but we have a railway station right here on campus, which will get you into the exciting city centre in under ten minutes or into our beautiful local countryside in 20.

▼ Our new sports club caters for everyone, from beginners to elite athletes, it even has a rock climbing wall and Birmingham's first 50m swimming pool!

► Take a walk under Old Joe (the clock face at the top is so large, you could drive a double-decker bus through it), however you won't see current students follow you through; one of the campus myths is that if you walk under Old Joe as he chimes, you'll fail your exams!

Look out for a pair of peregrine falcons who have made themselves at home at the top of the clock tower.

How to reach the University

**CATCH THE TRAIN FROM
BIRMINGHAM NEW STREET
STRAIGHT TO UNIVERSITY
STATION IN EIGHT MINUTES**

By rail

Being the only university in mainland UK with its own station, the easiest way to reach the University is by train. Most cross-country services to Birmingham arrive at Birmingham New Street station and up to six trains an hour depart for University on the cross-city line (final destination Longbridge or Redditch). The journey time usually takes less than ten minutes, while the centre of the main campus is a five-minute walk from University station. Student ambassadors (wearing lime green shirts) will be present at Birmingham New Street station to direct you. Your final destination for purchasing train tickets will be 'University (Birmingham)'.

LIMITED PARKING

Parking on campus is currently very limited due to several major building projects that are taking place as part of our £600 million campus redevelopment. As the majority of visitors will be unable to park, we strongly recommend where possible, for visitors to use public transport.

Parking on campus

Parking on open days is extremely limited and the majority of visitors will be unable to find a space on campus. We therefore recommend that visitors use public transport to reach the University or find alternative parking in and around the city. The University has two main car parks: North East (B15 2SA), and Pritchatts Car Park (B15 2QU) (free of charge); parking will also be available at the West Car Park (near the Medical School) on Vincent Drive. Please note that these are used by staff and students and fill up very quickly and therefore we cannot guarantee a space for visitors.

PARK AND RIDE

In addition to University parking we are operating a park and ride service (free of charge) with some limited parking at:

- **King Edwards School** playing field (B29 7JX). The playing field is a left turn (if approaching from the city centre) on the Bristol Road, just before the Eastern Road turn.
- **Edgbaston Cricket Ground** (B5 7QU). Please use the main entrance off Edgbaston Road.

Shuttle buses to and from the University will be running throughout the day, dropping off and picking up from outside University Centre (R23 on the campus map). The first park and ride will leave both sites at 8.30am. The last bus will leave University Centre at 4.30pm.

Campus developments

THE UNIVERSITY IS INVESTING OVER £600 MILLION ACROSS FIVE YEARS IN NEW FACILITIES FOR STUDENTS AND RESEARCHERS. IN THE PAST YEAR WE HAVE OPENED A BRAND NEW STATE-OF-THE-ART LIBRARY, STUDENT HUB AT THE HEART OF CAMPUS IN OUR ICONIC ASTON WEBB BUILDING, NEW ACCOMMODATION, AND AN INSTITUTE OF TRANSLATIONAL MEDICINE.

We are in the midst of one of the most exciting and transformational campus redevelopments since 1909, investing over £600 million across a five-year period to create outstanding new facilities for our students and researchers. In the past year we have opened a state-of-the-art library, stunning student accommodation and a world-class sports club.

Visit our outstanding new library today at the centre of campus, which has been designed for learning in the 21st century and beyond. The technology-rich facility caters for different styles of study enhanced by innovative features such as wireless charging, media rooms and video editing booths. With over 1,800 seats, there are group study rooms, quiet reading areas, a lounge and café, and over 300 PCs, plus 100 loanable laptops. This is the first library of its kind to be built at any UK university in a generation. Our £55 million sports club is also open for you to explore. University of Birmingham Sport & Fitness boasts a 50m swimming pool, a large multi-sports arena, six glass-backed squash courts, a 10m climbing wall, five activity studios and a Performance Centre. There are also almost 200 pieces of high-end gym equipment and open training space.

We have even more developments in the pipeline, some of which you will benefit from the minute you start as a University of Birmingham student. We are continually improving the availability of high-end student accommodation across campus. Already we have unveiled the new Chamberlain hall of residence, and opened our Bournbrook residence this Autumn term. With 178 rooms, the residence boasts en-suite rooms, a café, accommodation centre and sports pavilion. Whilst a student, you will see the opening of the Collaborative Teaching Laboratory which will revolutionise the way STEM subjects are taught, and give students access to a wet lab, dry lab and e-lab. In 2019, a striking new 12-acre parkland will also transform the heart of the campus; the Green Heart.

SPORT

University of Birmingham Sport

At Birmingham, we believe sport and fitness is for all, from complete beginner to elite athlete. This year we have opened our brand new, £55 million sports club: University of Birmingham Sport & Fitness, bringing world-class facilities right to your doorstep!

The University also has 55 competitive sports clubs and ranks in the top five universities for sport in the UK.

Come along to University of Birmingham Sport & Fitness (07 on the campus map) to find out more about what we do; chat to our students, athletes and coaches; and watch some demonstrations.

VISIT THE GUILD OF STUDENTS – YOUR STUDENTS' UNION

The Guild is the students' union for more than 36,000 students – and we're here to make sure you get the best from Birmingham!

We represent you to the University, support over 270 student groups and societies, offer thousands of jobs and volunteering opportunities, help you have fun and meet new people and can offer you support with your welfare and wellbeing.

To find out more, come along to a student life presentation, followed by an optional tour of the Guild. See the general events timetable on page 13 for details.

Find us online at www.guildofstudents.com and search 'Guild of Students' on Facebook, Twitter and Instagram.

INVESTMENT IN OUR STUDENTS' CAREERS

Our specialist staff offer careers guidance tailored to individual subject areas. We provide help to source and secure internships in the UK and overseas and our bursaries provide financial support to students undertaking work experience. Our mentoring schemes give students the chance to learn from some of the University's most successful alumni. To find out more about our sector-leading employability services; why not attend the talk 'Time to make the most of your Birmingham degree: internships, work experience, bursaries, and graduate career success' (please see page 13 for details).

What type of programme suits you?

Single Honours

This type of programme focuses on one subject only, such as LLB Law or BSc Physiotherapy. The subject events timetable lists the variety of subjects available.

Joint Honours

A Joint Honours degree allows you to study two subjects. This might be two subjects closely related to each other, such as History and Politics; or simply two that you enjoy equally, such as French and Mathematics.

Liberal Arts and Natural Sciences

Using the breadth of academic expertise from across the University, this degree allows you to design your

own programme of study based on your interests and strengths. You will be supported in choosing modules which fit together into a logical programme of study reflecting your developing interests and knowledge. You will typically choose a Major area of expertise selected from a range of subjects across the University.

RECOMMENDED TALK

Liberal Arts and Natural Sciences at Birmingham, 11.15am and 2.15pm, Lecture Theatre 2, Ground Floor, Alan Walters Building (R29).

RECOMMENDED TALK

Joint Honours in Arts Disciplines at Birmingham (all Joint Honours combinations involving at least one of the following subjects: Drama; English; Ancient History and Archaeology; Classical Literature and Civilisation; History; Anthropology; African Studies; French; German; Spanish; Russian; Theology; Philosophy; History of Art, and Music). 10.30am Lecture Room 6, 2nd Floor, Arts Building (R16) and 2.15pm, Lecture Theatre 5, 2nd Floor, Arts Building (R16).

Subject events timetable

Talks last approximately 30 minutes.
