

## **How to use quiz and gaming platform Kahoot, during an online call**

### HOW TO PLAY

- Firstly, you will need two electronic devices to play Kahoot on an online call
- Launch the Kahoot Quiz link on your desktop/Laptop/tablet
- On your second device, e.g. tablet/smartphone, type Kahoot.it into your internet browser. It will prompt you to enter the game-pin and your nickname into the device
- Press “Start now” to let the fun begin!

You can find [additional instructions and options](#) on how to make your own Kahoot online.
