

Northeastern University DF/HCC
DIVERSITY AND CULTURAL COMPETENCY

CaNCURE

**Cancer Nanomedicine Coops
For Undergraduate Research and Education**

**A \$1.2M TRAINING GRANT FUNDED BY THE
NATIONAL CANCER INSTITUTE
STARTED JULY 2014**

Northeastern University

Starting a Global Academy of Nanomedicine

Thomas J. Webster and Sri Sridhar

Northeastern University
College of Engineering

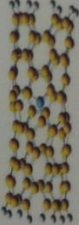

Srinivas (Sri) Sridhar, Ph.D.

CAS Distinguished Professor of Physics

Director, NSF Nanomedicine
Science and Technology Center

Director, Electronic Materials
Research Institute

Lecturer on Radiation Oncology
Harvard Medical School

435 Egan Research Center
120 Forsyth Street
Boston, MA 02115

2014

Second
International
Translational
Nanomedicine
Conference

SECOND INTERNATIONAL TRANSLATIONAL
NANOMEDICINE CONFERENCE
BOSTON, MA, UNITED STATES OF AMERICA
JULY 25-27, 2014

First Prize – Poster Competition

Awarded to:

Aleksandra Dragicevic,

University of Belgrade, Serbia

For the following presentation:

NANO-MAGNETOCHEMISTRY IN COLON CANCER
DETECTION BY SPINNER MAGNETOMETER

Northeastern University

Why Start a Global Academy of Nanomedicine ?

- We could have financial and logistical backing from the *International Journal of Nanomedicine*, which could be the official journal of the society
- This conference could be the annual gathering of the society which may be held in Serbia next year by Aleksandra Dragicevic and Djuro Koruga
