

## Programme

### Friday 16th Nov

1015 - 1035	Registration & coffee
1035 - 1045	<b>Welcome</b>
1045 - 1115	<b>HWB-NMR Highlights</b>
1115 - 1140	<b>Geerten Vuister</b> , Universities of Leicester & Birmingham <i>The evolution of the UK NMR research landscape: techniques and opportunities</i>
1140 - 1205	<b>Beatriz Jimenez</b> , Imperial College London <i>Bench-to-bedside translation of quantitative NMR for human biofluids</i>
1205 - 1230	<b>Zuhal Eraslan</b> , University of Birmingham <i><math>^1\text{H}</math> and <math>^{13}\text{C}</math> NMR spectroscopy to evaluate metabolic activities of haematological cancers</i>
1230 - 1400	Buffet lunch
1400 - 1425	<b>Rivka Isaacson</b> , King's College London <i>Molecular machinery for protein quality control</i>
1425 - 1450	<b>Rafael Brüschweiler</b> , Ohio State University <i>New methods for NMR-based metabolomics with lessons for proteins</i>
1450 - 1515	<b>Cyril Dominguez</b> , University of Leicester <i>Structural investigations on the consequences of Sam68 post-translational modifications on alternative splicing regulation</i>
1515 - 1540	Coffee break
1540 - 1625	<b>HWB-NMR National User discussion</b>
1625 - 1630	<b>Closing remarks</b> Klaus Fütterer, Interim Director
