

The Bacterial Vaccines (BactiVac) Network

Our vision is to help save lives through advancing the research, development and use of vaccines against bacterial infections relevant to low to middle income countries.

MEMBERSHIP BENEFITS

Access to:

- Catalyst funding
- Annual Network Meetings
- Members' Directory

CATALYST FUNDING

Members can apply for:

- Pump-priming project grants
- Training awards (open call)

ONLINE NETWORK CONFERENCE 2021

- 27 & 28 April 2021
- Online format
- Free for members to attend

'Through BactiVac, we are supporting vaccine development against bacterial infections, so that we can protect communities around the world, particularly those that need them most.'

Prof Cal MacLennan
Director

'The Network is building and fostering new partnerships between academic, industrial & other partners involved in vaccine research.'

Prof Adam Cunningham
Co-Director
