ABA-FEED

ISSUE 6

DECEMBER 2022

Message from the Chief Investigator

I want to thank you all for the hard work towards ABA Feed trial throughout 2022. Follow-up is getting better with improving questionnaire return rate. There are of course still lots to do, so please try to keep up the momentum through 2023. We have recently received the great news that NIHR had approved the trial extension and the end of recruitment date will be end of September 2023. I wish you all a Merry Christmas and a very happy New Year, and I hope you all manage to get a quality time to enjoy with family and friends. Kate Jolly

BCTU Christmas Closure

The university of Birmingham will have an extended Christmas closure from Monday 19th December 2022 till Monday 2nd January 2023. We will be back on Tuesday 3rd January 2023. During this period we will intermittently check the trial mailbox to deal with urgent emails but bear with us if there is any delay in response to emails.

NEWS on ABA-FEED staffing

Dr Lucy Doos has recently joined the ABA Feed as a senior trial manager.

Important message from ABA Feed

Please make sure to report to ABA Feed trial office immediately any pregnancy loss or infant death.

A kindly reminder to inform that the participant's name (unless between NHS to NHS email accounts) should not be shared by email due to data protection (GDPR).

Please only add the participant trial number in your external communications.

Please ensure any queries regarding the trial are directed to the trial inbox to ensure they can be picked up in a timely manner.

Trial Recruitment

Since opening to recruitment in January 2022, we have now recruited 1200 participants from 15 sites of our opened sites. We have trained over 150 existing peer supporters to become "Infant Feeding helpers" to deliver the intervention.

Congratulations to Wolverhampton NHS Trust for being ABA Feed Top Recruiter of The Year

NEWS on ABA-FEED End of Recruitment Date

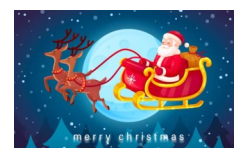

We have received the great news as NIHR have approved the trial extension and the new date for end of recruitment is **end of September 2023**. We are happy to take more sites on board for ABA Feed. Please email the trial office if you know a site that is interested.

Message to Sites and IFHs

We have noticed that there are some incomplete IFH logs on REDCAP. We would appreciate it if sites make sure that the logs are completed by the IFHs. Please contact the trial unit if you have any issues completing these logs.

A message to All

From all of the ABA-FEED team, we **THANK YOU** so much for all of your support and commitment to the trial so far. **Merry Christmas and Happy New Year**
