THANK  
YOU

women were randomised in July, which means we have achieved the half way mark towards our recruitment target

**WELL DONE** everyone!

Thank you for your continued hard work and commitment to the study. We had a really good site teleconference last month and talked about all the great ideas from the site teams, including around offering the randomised trial.

This is really going to make a difference to women and their babies.

Please 'JUST ASK' all eligible women if they would like to take part in Giant PANDA - it's up to them to decide whether they would like to participate.

ALL eligible pregnant women with hypertension should have the opportunity to take part!

# Clarification!

We noticed a mistake in our database training video and we are really sorry.

To clarify: **MAU = outpatient visit**

If a woman is admitted to hospital then should it be counted as an inpatient visit
