

Pregnancy ANtihypertensive Drugs:
which Agent is best?

giant-panda@trials.bham.ac.uk

H A P P Y

N E W Y E A R

May **2023** bring you all happiness, peace, health and prosperity! We hope you all enjoyed some time off over the festive period. We are thrilled to see that the giant PANDA study continued to be top of many people's minds with 56 women randomised overall despite the common busyness of December. This year we would like to support you to focus on consistency which is why our prize in January will reward teams who have worked to achieve this. We have some exciting plans for the New Year including some collaborator workshops (North and South) and some focused training and support for associate PIs. Please let us know if there is anything you think might support you in being successful with giant PANDA. With very best wishes, the giant PANDA study team.

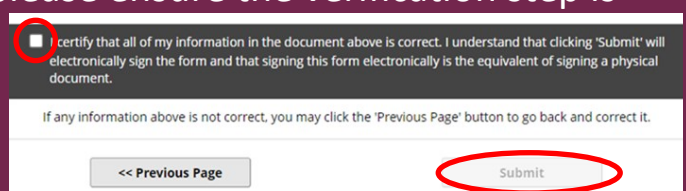

Cheesy rewards for consistency!

If you randomise **at least two** participants per month in **December** and **January**, you will receive a cheesy reward to share!

Unable to proceed and randomise as consent form states 'incomplete'?

Once the consent form is complete, please ensure the verification step is completed (ticked and submitted).

If you ever have any issues with REDCap, please contact the giant PANDA study team immediately

Recruitment in December

Queries

Happy New Year everyone!

I can see that you've worked exceptionally hard on your queries since before Christmas and I'm very grateful to you all for this.

I will be going through and resolving them all shortly and a new round will be raised in the coming week so please keep an eye out for any emails from me.

If you have any questions, my inbox is always open.

I look forward to continuing a great year with you all.

Best wishes,

Abbie Evans - Senior Data Manager

January Shout Out!

Manchester University NHS Foundation Trust

Manchester University NHS Foundation Trust opened in October 2021 and are consistently one of the very top recruiters every month for giant PANDA making a significant contribution to the success of the study so far. Their team has been going through huge changes recently including transition to a hospital-wide EPR, yet still the team keep their focus on research and specifically giant PANDA and randomising women to the study. Wow! We are extremely lucky to have you.

Want to nominate? Please email a.evans.10@bham.ac.uk with details of whom you would like to nominate and why!
