WILL Trial

ISSUE 31

Welcome 2022!

We hope that all of you managed to have a lovely Christmas and Happy New Year! Thank you for your continued support with WILL during 2021. We look forward to working with you all this year and welcoming new sites.

Site and participant update:

As of the 31st December 2021, we have **40** sites actively open to recruitment, and **255** randomised participants! **8** of those were in December.

Welcome to Glangwili Hospital, our newest Welsh site to join us.

Congratulations and thank you to the following sites:

Great Western Hospital for consenting and randomising **2** participants.

Birmingham Women's Hospital, Bradford Royal Infirmary, Kingston Hospital, Chesterfield Royal Hospital, Leicester Royal and Cwm Taf Morgannwg UHB for consenting and randomising 1 participant each.

St Mary's Maternity Unit, Poole and Western Sussex Hospitals for consenting 1 participant each. Good luck when randomising.

Target milestone: We are currently at 23.3% of our overall randomised target.

GOAL

Our next milestone is **25% - 270 randomised participants.** With only **15** more participants needed, can we reach this target by the end of January? Could it be your team?

A gift will be sent to the site that randomises number 270!

W: Where are hypertensive women being seen - face to face, virtual appointment's?

I: Information can be given at any gestation & sent out to women if not seen in person/screened remotely.

L: Link up with your clinical teams who are seeing. women with hypertension (i.e. BP home monitoring team/ assessment units)

L: Let us know if we can help you with anything or to check eligibility.

Remote consent: Method 2: 'witness' - update

When using remote **Method 2** for receiving consent you will need to have a witness present throughout the consent process. We have recently updated the '**Guidance on taking remote informed consent'** document, and a reminder of the updates for Method 2 are:

- ⇒ The 'witness' does **not** need to be GCP-trained or named on the Delegation Log.
- ⇒ The witness must complete the 'witness details' section of the consent form (name, date, signature)
- ⇒ **Examples of who can be a witness:** administrative assistant, trials assistants, midwife, HCA, nurse, research nurse, or doctor. It is best if the witness is Trust staff as they are bound by Trust confidentiality rules.

WILL remote processes: draft paper for your feedback

The WILL team have written a paper **`WILL and the COVID adaptations to deliver a timing of birth trial'.** We will be sending out the draft paper to all sites for feedback and to gain confirmation that you are happy for your names to be on the publication. We are aiming to submit the paper to 'Trials'.

Teleconference: prizes: Congratulations to the teams at:

WILL monthly recruitment table Total as of 31st December 2021
