

SUMMING UP THE DAY

- ✓ How will the Community Housing Fund change things in England?
- ✓ How can we collaborate to achieve long-term impacts in Birmingham and the West Midlands?
- ✓ What makes community housing different? -balancing collaboration and empowerment for community benefit
- ✓ What are the key messages from international research on collaborative housing?
- ✓ Is it all about new groups building new homes? – what is the role of refurbishing existing homes and expanding the role of existing community anchor organisations?
- ✓ Can community-led housing offer fresh options for private renters and social tenants?
- ✓ How can community-led housing address housing supply, housing need and affordability?
- ✓ Hope for Housing- how can we make these things happen here and now?
