- Undergraduate or Foundation students
- Postgraduate students (taught and research)
- PhD students (flexible start dates)
- Study Abroad students

THE COURSES AIM TO DEVELOP:

- Accuracy and fluency in English for academic study
- The ability to write academically using accurate referencing and avoiding plagiarism
- A range of reading skills for academic texts
- Grammatical competence
- Seminar and presentation skills
- Critical thinking skills
- The ability to listen to lectures and discussions and take notes
- Skills for working independently and with others
- Specialist vocabulary to allow you to take part in academic discussions
- Study skills

All students have full access to the University library resources, IT services, sport facilities and social opportunities.

REQUIREMENTS FOR SUCCESSFUL COMPLETION OF YOUR PRESSIONAL PROGRAMME

- The achievement of the appropriate final mark for all assessed work (examinations and assessed coursework)
- A minimum of 90% attendance

If the offer for your academic course is conditional on a specific English level then you have the option of successfully completing a preessional course instead of taking IELTS.

The length of course you should attend to fulfil this condition depends on your present level of English.

'I have studied English in several different educational institution, some at home and others in the United States. However, the preessional English course was the bestway to improve my English in many different parts of the language.'

Saad Alqahtani from Saudi Arabia.

'The Preessional English Programme was an incredible experience because I learnt so much such as improving my speaking, listening, reading and writing skills. There were also some day trips and it was very exciting for me to get to know the UK. I found it important to be taught how to give presentations. They prepared us very well to be ready when we go to the University. When I studied in my Preessional course, I improved my English in a short time. They taught the English language very clearly and intensively.'
