

Examples of Real Student Pathways in Liberal Arts and Sciences

Please note:

- Green denotes a LANS module
- Peach denotes the student's major
- Purple denotes non-major subjects

The pathways below are broken up according to subjects, not modules (e.g. in the first pathway, the student took two 20-credit modules in History in the first year). The numbers in parenthesis refer to the credits for each module (e.g. a 20-credit module requires twice as much effort as a 10-credit module). We have also included the student's year abroad institution in each case.

Student A: BA in Liberal Arts and Sciences (Major: History)						
Year 1	Compulsory Core: Liberal Arts and Sciences (20)	History (40)		French Language (20)	African Studies (20)	International Relations (20)
