

STUDENT PROFILE

NAME: Hawwa

STUDY: BSc Psychology

NATIONALITY: Nigerian

Why did you choose to study at the University of Birmingham Dubai?

When I had to decide between Edgbaston, UK and Dubai, I chose Dubai because of the weather! Plus I'm getting the same high quality education and degree as my peers in Edgbaston.

Why did you choose to study Psychology?

I chose to study psychology because I'm fascinated by human behaviour and mental health. In Nigeria it's still quite an unknown illness, I chose this course so I could learn more and in the future help to eradicate the stigma around mental health.

What has your student experience been like?

My experience has been great because we're a community; there is a lot of academic support as well as welfare. You can walk up to anyone and they're always ready to help.

I love how there are so many extracurricular activities and if there isn't a club, you can always start one because the staff are always trying to help students innovate.
