University of Birmingham Staff Archive

The Cadbury Research Library at the University of Birmingham holds over 4 million archives and manuscripts. This A-Z guide gives details of some of our most significant items and archive collections within the University of Birmingham staff archive.

These University of Birmingham staff papers typically consist of correspondence; lecture and research notes; manuscript, typescript and printed copies of published and unpublished works; press cuttings; biographical notes; and occasionally items collected by subject. They may also include personal and family papers. Some of the papers of former staff also include material relating to careers before and after the individual's time at Birmingham.

To undertake a more extensive search on our archival holdings, and search our 200,000 strong rare book collection, visit [our catalogue webpage](#).
