Groundwater in Karst  
20 - 26 June 2015

University of Birmingham

John Gunn and Ian Fairchild, convenors

<http://www.birmingham.ac.uk/generic/kgatb/index.aspx>

**Sunday June 21st 08:15-20:00**

Field trip: *Groundwater in Cretaceous carbonates*

### CONVENORS

Dr Andy Farrant & Dr Lou Maurice, British Geological Survey

### JOINING INSTRUCTIONS

For directions to the University see:

<http://www.birmingham.ac.uk/contact/directions/getting-here-edgbaston.aspx>

The coach will arrive at the Main Entrance to the University, the East Gate (see map below) at 08:15 and will depart at 08:30 (or as soon as everyone is on board). Because we have a very full programme we must depart by 08:30 and we will not be able to wait for anyone who is delayed. For those who are not booked into University accommodation, please be aware that there is limited public transport on a Sunday morning and you are strongly advised to book a taxi in order to arrive on time. Anyone arriving by car needs to allow additional time to park and to walk to the East Gate.

We will be registering you for both the field trip and for the full conference on the coach which means that you will not need any further registration. You will receive a printed copy of the field guide and a usb-stick with all the conference material. We will be providing a packed lunch with special arrangements for those who have informed us of their dietary requirements.

You will be walking for about 6 km and are advised to wear boots or strong shoes – if it has been wet it can be muddy underfoot. English weather is notoriously unpredictable, even in June, so on Saturday please check the weather forecast for Newbury using: [www.bbc.co.uk/weather](http://www.bbc.co.uk/weather) or <http://www.metoffice.gov.uk/public/weather/forecast> and wear / bring appropriate clothing.

We are aiming to be back at the University by 20:00 to 20:30 so that those who wish can join the welcome reception.

If you have any questions please email John Gunn ([j.gunn.1@bham.ac.uk](mailto:j.gunn.1@bham.ac.uk)) and if you have problems on the morning of the 21st please phone John on 07890 291333.

Look forward to meeting you,

Lou & Andy
